

Croscombe Primary School SEN Information Report

Type of school	VA Church of England Primary School	Primary (5-11)
----------------	-------------------------------------	----------------

Our school is supported by the Local Authority to ensure that all pupils, regardless of their specific needs, make the best possible progress in school. All schools are supported to be as inclusive as possible, with the needs of pupils with a Special Educational Need/s being met in a mainstream setting wherever possible, where families want this to happen.

Fully wheelchair accessible	No	Are these school policies available on the school website?	
Auditory / visual enhancements	No	SEN	Yes
Other adaptations	None	Safeguarding Statement	Yes
Our classrooms are set over ground and first floors, with Class One and the hall on the ground floor and Classes 2 and 3 on the first floor together with the library. We also have a Forest School site, allotment and school field all of which are a short walk from the school.		Behaviour and Anti-Bullying	Yes
		Equality and Diversity	Yes
Are you aware / familiar with the requirements of the Disability Discrimination Act 1995 and the Equality Act 2010?			Yes

Further information about Somerset's Local Offer can be found at;

<http://www.somerset.gov.uk/policies-and-plans/schemes-and-initiatives/somersets-local-offer/>

	<p>Head Teacher, Mr Heath</p> <p>SEN Governor – Mrs D Levien</p>	<ul style="list-style-type: none"> • part of the Assess Plan Do Review cycle. • Liaising with all the other people who may be coming into school to help support your child’s learning such as the Integrated Therapy Services, Educational Psychologist, Learning Support Advisory Teacher. • Updating the school’s SEN register (a system for ensuring all the SEN needs of pupils in this school are known) and making sure that there are excellent records of your child’s progress and needs. • Providing specialist support for teachers and support staff in the school so they can help your child (and other pupils with SEN in the school) achieve the best possible progress in school. • Reporting to the governing body about SEND. <p>He is responsible for:</p> <ul style="list-style-type: none"> • The day to day management of all aspects of the school, this includes the support for children with SEN. • He will give responsibility to the SENCO and class teachers but is still responsible for ensuring that your child’s needs are met. • He must make sure that the Governing Body is kept up to date about any issues in the school relating to SEN. <p>She is responsible for:</p> <ul style="list-style-type: none"> • Making sure that the necessary support is made for any child who attends the school who has SEN, including any adaptations to provision that they may need. • Monitoring the SEN provision alongside the SENCO • Developing and reviewing policies and other SEN documents with the SENCO. • Reporting to the full governing body.
--	--	--

HOW DOES THE SCHOOL IDENTIFY CHILDREN WITH SEND?

	Staff involved	What will happen?
<p>How does the school know if my child needs extra help?</p>	<p>Class teachers and SENCO</p>	<ul style="list-style-type: none"> • Teachers are responsible for assessing and monitoring the progress of all children in their class. This is done using both formal assessments (structured tests) and informal assessments (observations or class work). We also observe and notice how children interact socially in the classroom and at break times. • We could consider that help may be needed if: <ul style="list-style-type: none"> ○ A child performs significantly below their Age-Related Expectations, despite additional support, or falls more than 1.5 years below the expected levels in reading and /or spelling age. ○ Lesson objectives are not being met, even after work has been differentiated appropriately. ○ There is a significant and prolonged change in a child’s behaviour or they seem to be unhappy in school. • The first step will be that the class teacher initiates some additional support (booster / catchup) work. The class teacher will refer to the Somerset Core Standards as a framework for good practice. This support may be in a small group or on a one to one basis and will be focussed on a particular aspect of learning. The SENCO may be involved in discussions and advice. Information about progress and support will be shared with parents / carers and the SENCO. • If a child continues to not make the expected progress the class teacher may then request that the SENCO becomes more involved. • The SENCO will then invite the parents/ carers to a meeting and / or carry out observations and assessments to inform a decision as to whether a child needs to be entered onto the SEN Assess -Plan – Do–Review cycle. • The SENCO may contact outside agencies, with parental consent, in order to understand a child’s needs more clearly (for example Somerset’s Learning Support Service, Educational Psychologists, Speech and Language Therapists or Occupational Therapists). These professionals offer advice and guidance to schools and parents, and may, on occasion, provide a specific diagnosis of a child’s needs.

	Parental / carer concerns	<ul style="list-style-type: none">• You know your children best and may have concerns about their needs or progress that are not evident at school. If you are concerned about any aspect of your child's learning then it is important that the school knows about this.• Any parental concerns should be raised with the class teacher who will then, if necessary, discuss further with the SENCO for advice or ask the SENCO to contact you. Your concerns will always be taken seriously and are important to us.• There may be occasions where children need short-term support, such as after a bereavement or when a child is having difficulties with peers. We are able to offer short-term interventions to support them and will monitor their progress to ensure that any extended difficulties are identified and followed up.
--	---------------------------	--

HOW COULD MY CHILD GET HELP IN SCHOOL?

Children in school will get support that is specific to their individual needs. This may be all provided by the class teacher or may involve:

- Other staff in the school
- Staff who will visit the school from the Local Authority such as Advisory Teachers, Educational Psychologists, Learning Support Service, Sensory, Physical and Medical Support Team
- Staff who visit from outside agencies such as the Integrated Therapy Service (Speech and Language therapy (SALT), Occupational Therapy (OT) and Physiotherapy)

The support will be provided through a graduated response in line with the Somerset Core Standards. The content of this response is described further in the school's graduated response circle, which is included as an appendix to this school offer.

	Types of support provided	What does this mean for your child?	Who can get this kind of support?
<p>What are the different types of support available for children with SEN in this school?</p>	<p>UNIVERSAL SUPPORT Class teacher input via excellent, targeted classroom teaching also known as <u>Quality First Teaching</u>. This is the Universal strand of the Core Standards.</p>	<ul style="list-style-type: none"> • The class teacher has the highest possible expectations for your child and all pupils in their class. • All teaching is based on building on what your child already knows, can do and can understand. We aim to match the curriculum to your child's needs so that they can make progress, and differentiate work according to the next steps that they need to do this. • Different ways of teaching are used so that your child is fully involved in learning in class. This may involve things like using more practical learning approaches, visual prompts or allowing them additional time to complete tasks. • Children are supported to be independent learners by having access to visual timetables and a range of resources within the classroom. • Success criteria are shared with children so that they know what they are learning and can evaluate their own success. 	<p>All children in school should be getting this as a part of excellent classroom practice</p>

	<p>Additional Support within universal provision.</p>	<p>Quality First Teaching is inclusive and children will be supported wherever possible to learn alongside their peers. However, there may be times when children require a little extra support within this to help them progress.</p> <ul style="list-style-type: none"> • Your child’s teacher will carefully check each child’s progress. If they see that your child has gaps in their understanding/learning and needs some extra support to help them make the best possible progress, then they may use additional resources or small group work to support this. • Additional resources may include things like word banks or phoneme frames to support writing or the use of a laptop or iPad to support recording. • Specific strategies may be put in place to support your child to learn. These may be suggested by the SENCO or by outside agencies. • Pre-teaching, booster or review sessions may be delivered to help children cope with new information in class or to go over concepts that may have been difficult to understand. These sessions may be taught by class teachers or TAs but the class teacher is responsible for the planning and review of the sessions and will liaise with the teaching assistant about planning, delivery and outcomes from the group. • Information will be shared with you and the SENCO regarding any additional input for your child, and recorded on the school’s systems. 	<p>Any child who has specific gaps in their understanding of a subject/area of learning.</p>
	<p>TARGETED SUPPORT</p> <p>Specialist groups or individual sessions are offered according to children’s needs.</p>	<ul style="list-style-type: none"> • Your child will have been identified by the class teacher and SENCO as needing more specialist input, in addition to excellent class room teaching and intervention groups. They will be identified on the school’s SEN register so that all staff are aware that they have additional needs that have to be supported within any work they do in school. This identifies children as SEN Support according to the SEN Code of Practice. • You will be asked to come to a meeting to discuss your child’s progress and help plan possible ways forward. This meeting will be part of a termly Assess -Plan-Do-Review SEN cycle. • You may be asked to give your permission for the school to discuss your child at a Multi-Professional Consultation meeting. This is a way of the school accessing advice from external agencies. • You may be asked to give permission for your child to be referred to a specialist professional e.g a Speech and Language Therapist or Educational 	<p>Children with specific barriers to learning that cannot be overcome through Quality First Teaching and intervention groups. They will receive support that is different from and additional to the Wave 1 and 2 teaching that is available to all children.</p>

		<p>Psychologist or Specialist Advisory Teacher. This will help the school and yourself understand your child's particular needs better and be able to support them better in school.</p> <ul style="list-style-type: none"> • The specialist professional may work with your child/ carry out assessments or observe them in the school setting in order to understand their needs and make recommendations. These may include: <ul style="list-style-type: none"> ○ Making changes to the way your child is supported in class eg. some individual support or changing some aspects of teaching to support them better ○ Support to set focused targets which will include their specific expertise for teachers to implement ○ A specialised group or individual work • The school will discuss with you some agreed individual support for your child. They will tell you how the support will be used and what strategies will be put in place. This support is likely to include some existing intervention groups, but may also have more individualised input or support that may be done 1 to 1 with a trained member of staff. • Yours and your child's views will be listened to and recorded on the school's SEN passport. This will also contain information about targets, provision and progress and will be reviewed and monitored by the class teacher, alongside the SENCO. • If a child's needs are deemed to be at a high level where additional financial support may be required at some point in their education in order for the school to support them effectively, then the SENCO will carry out a detailed SEN Support review on a yearly basis and will record this on the Somerset Portal so that other professionals can access the information. This includes detailed information on your child's needs and provision, as well as input from parents and child. 	
	<p style="text-align: center;"><u>PERSONALISED INDIVIDUAL SUPPORT</u></p> <p>A few children will need support provided via higher needs funding or an</p>	<ul style="list-style-type: none"> • The school or you can request that the Local Authority carry out a statutory assessment of your child's needs. This is a legal process and you can find more detail about this from the Somerset County Council website – Somerset Choices: https://www.somersetchoices.org.uk/family/ . • After the request has been sent in to the Local Authority through completion of the SEN Support Review on the Portal, they will decide whether they think your child's needs, as described in the paperwork 	<p>Children whose learning needs are:</p> <ul style="list-style-type: none"> • Severe and complex • Lifelong

	<p>Education, Health and Care Plan (EHC Plan). This means your child will have been identified by the class teacher, the SENCO and outside agencies as needing a particularly high level of personalised and individual teaching which cannot be provided from the budget available to the school.</p> <p>Your child will also be receiving specialist support / advice from a professional outside the school.</p>	<p>provided, seem complex enough to need a statutory assessment. If this is the case they will ask you and all professionals involved with your child to write a report outlining your child's needs. If they do not think your child needs this, they will ask the school to continue with the SEN support.</p> <ul style="list-style-type: none"> • After the reports have all been sent in the Local Authority will decide if your child's needs are severe and complex and that they need more support in school to make good progress. If this is the case they will write an Education, Health and Care Plan (previously known as a Statement of Special Educational Needs). If this is not the case, they will ask the school to continue with the SEN support. They may also set up a meeting in school to ensure a plan is in place to ensure your child makes as much progress as possible. • The Education, Health and Care Plan will outline the individual/small group support your child will receive and how the support should be used and what strategies must be put in place. It will also have long term goals and outcomes for your child. • An additional adult may be used to support your child with whole class learning, run individual programmes or run small groups including your child. 	
<p>How can I let the school know I am concerned about my child's progress in school?</p>	<ul style="list-style-type: none"> • If you have concerns about your child's progress you should speak to your child's Teacher • If your child is still not making progress, the concerns may need referring to the SENCO. Normally, the class teacher will pass on concerns to her and she will get in contact with you to follow this up. However, you may request a meeting with her at any time by contacting the office. • If you continue to feel that your child is still not making progress you should speak to the Headteacher or the school SEN Governor. 		
<p>How does the school monitor progress and let me know if they have any concerns about my child's</p>	<ul style="list-style-type: none"> • Croscombe has Pupil Progress Meetings where students who give concern are discussed and appropriate actions agreed and reviewed. Parents evenings are arranged twice a year; you will also receive a mid -year monitoring sheet and an end of year written report. • When a teacher or a parent / carer has raised concerns about your child's progress, and targeted teaching has not met the child's needs, the teacher must raise this with the SENCO • The school will set up a meeting to discuss this with you in more detail. <ul style="list-style-type: none"> ○ To listen to any concerns you may have too 		

learning?	<ul style="list-style-type: none"> ○ To plan any additional support your child may receive ○ To discuss with you any referrals to outside professionals to support your child's learning
How is extra support allocated to children and how do they move between the different levels?	<ul style="list-style-type: none"> ● The school budget, received from Somerset LA, includes money for supporting children with SEN. ● The Head Teacher decides on the budget for Special Educational Needs in consultation with the school governors, on the basis of needs in the school. ● The Head Teacher and the SENCO discuss all the information they have about SEN in the school and decide what resources/training and support is needed. This information includes <ul style="list-style-type: none"> ○ the children getting extra support already ○ the children needing extra support ○ the children who have been identified as not making as much progress as would be expected. ● All resources/training and support are reviewed regularly and changes made as needed. ● At Croscombe, we recognise that children's needs can vary widely and we aim to make provision to ensure individual needs are met and appropriate strategies and support are in place.
How is the emotional well-being of children supported?	<p>At Croscombe School, we are dedicated to nurturing the children and all our class teachers aim to create a supportive learning environment. We are a small school and children are well-known to staff and to each other. However, we recognise that this can sometimes mean that difficulties in relationships can have a greater impact on children's feelings about school and we support children's emotional well-being in a number of ways:</p> <ul style="list-style-type: none"> ● Within the classroom, teachers deliver a PSHE (Personal, Social and Health Education) programme and targeted Circle Time sessions to match class, group or individual needs. ● Additional support groups are also available to help children develop their social skills, physical skills and emotional needs. At present, children at Croscombe can access Forest School sessions which allow the children to develop self-esteem and build resourcefulness and resilience in a practical, outdoor setting. ● A TA is currently being trained to offer Emotional Literacy Support and this will be available to identified children after Easter.

Who are the other people providing services	A. Directly funded by the school	<ul style="list-style-type: none"> ● Teaching Assistants ● Forest School
--	----------------------------------	--

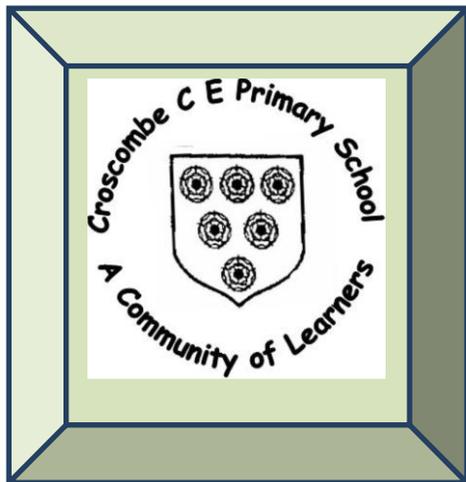

to children with SEND in this school?	B. Paid for centrally by the Local Authority but delivered in school	<ul style="list-style-type: none"> • Educational Psychology Service • Learning Support Service • Communication and Autism Service • Sensory, Physical and Medical Support Service • Mendip Partnership School
	C. Provided and paid for by the Health Service but delivered in school	<ul style="list-style-type: none"> • School Nurse • Integrated Therapy Service (speech therapy, occupational therapy, physiotherapy)
How are the teachers in school supported to work with children with SEND and what training do they have?	<ul style="list-style-type: none"> • The SENCO's job is to support the teachers in planning for children with SEN. • The school has a training plan for all staff to improve the teaching and learning of children including those with SEN. This includes whole school information and training on SEN issues such as ASC, dyslexia etc. • Individual teachers and support staff attend training courses run by outside agencies that are relevant to the needs of specific children in their class. • Most teaching staff have received training in using Numicon, Dyslexia Friendly Classrooms, Maximising the Impact of TAs, the new Code of Practice, Working Memory and the Core Standards. • Teaching Assistants have attended training on Effective Questioning, Numicon, Language and Communication, Dyscalculia, Working Memory and Using Social Stories. 	
How will the teaching be adapted for my child with learning needs (SEN)?	<ul style="list-style-type: none"> • Teachers plan lessons according to the specific needs of all groups of children in their class, and will ensure your child's needs are met. • Teaching Assistants will support your child's learning in the classroom. • Specific resources and strategies will be used to support your child individually and/or in groups. The school will use the Somerset Core Standards to ensure that quality intervention with proven efficacy are in place when needed. • Planning and teaching will be adapted on a daily basis if needed to meet your child's learning needs. 	
How will we measure the progress of your child in school?	<ul style="list-style-type: none"> • His/ her progress is reviewed formally every term and a judgement is made about whether s/he is on target to achieve the relevant Age Related Expectations in Literacy and Numeracy. • If your child is not yet working at Year 1 Age Related Expectations by the end of Y1, s/he will be assessed using another scale of levels. The levels are called 'P levels'. • At the end of Key Stages 1 and 2 the school is required to report whether your child has achieved Age Related Expectations in English, Maths and Science. This is something the government requires all schools to do and the results that are published nationally. 	

	<ul style="list-style-type: none"> • The progress of children with a statement or EHC Plan is formally reviewed at an Annual Review • The SENCO will also check that your child is making good progress within any individual work and in any group that they take part in.
<p>What support do we have for you as a parent of child with an SEND?</p>	<ul style="list-style-type: none"> • We would like you to talk to your child’s teachers regularly so we know what they are doing at home and we can tell you about what we are doing in school. We hope this will make sure that we are doing similar things to support your child both at home and school and can share what is working in both places. • The SENCO is available to meet with you to discuss your child’s progress or any concerns/worries you may have. • All information from outside professionals will be discussed with you with the person involved directly, or where this is not possible, in a report. The SENCO will also arrange to meet with you to discuss any new assessments and ideas suggested by outside agencies for your child. • Homework will be adjusted as needed to your child’s individual needs.
<p>How have we made Croscombe accessible to children with SEND?</p>	<ul style="list-style-type: none"> • We ensure that equipment used is accessible to all children regardless of their needs. • Key words and literacy resources are used across the school to support learning. • Practical maths resources such as Numicon are available in all classes. • Visual timetables / reminders / learning prompts are used in all classrooms • Considerations will be made to ensure that all school trips are inclusive. Alternative activities may be offered whilst on a school trip to meet the needs of your child. If necessary an additional adult may accompany your child on the trip. • Careful risk assessments are drawn up for any off-site activities, where all potential hazards are considered and provision made to overcome them to ensure that children remain safe at all times. In some cases Individual Risk Assessments will be done relating to specific details in a child’s needs. These will be drawn up prior to the trip and, if necessary, we will meet with parents to ensure that all trips are positive experiences for all children. • There is a disabled access toilet in school. One classroom is downstairs and 2 are upstairs in a building that pre-dates disabled access regulations. • Adaptations will be made to allow all children to access the offsite activities that we offer eg. Forest School, the school field, the school allotment
<p>How will we support your child during transition? (ie. Moving to our</p>	<p>We recognise that ‘moving on’ can be difficult for a child with SEN and take steps to ensure that any transition is as smooth as possible.</p> <ul style="list-style-type: none"> • If your child is moving into our school; <ul style="list-style-type: none"> • We will discuss any learning needs with the prior setting • Provide a transition booklet if necessary

school /when they are moving to another class or leaving this school?)

- Invite your child for some additional visits prior to joining our school
- If your child is moving child to another school:
 - We will contact the school SENCO and ensure he/she knows about any special arrangements or support that need to be made for your child.
 - We will make sure that all records about your child are passed on as soon as possible.
 - Your child will have input in a profile that they would like to go to their new teachers.
 - If necessary, we will arrange additional visits for your child to the new setting, or invite staff to visit your child at our school
 - Your child may be part of a specific supported group before transfer to a new school where students will have the opportunity to discuss any worries and learn new skills relevant to their transfer
- When moving years in school:
 - Information about your child will be shared with their new teachers
 - If your child would be helped by a personalised plan for moving to another year, we will put this in place.
 - We will organise specific times for your child to visit the new class and provide a transition book if necessary.

If you have any further questions that you would like to ask you are very welcome to talk to your child's class teacher or to make an appointment to see Emma Asfaw – SENCO. This can be done through the school office.

Starting Point

UNIVERSAL
High Quality Inclusive Teaching for all children plus small group work where appropriate

Follow whole School processes used for assessing, planning, doing and reviewing.

Inadequate Progress being made

Possible further Universal intervention

REVIEW

4. Impact assessment, along with views of child/parent used to review overall impact of support. Revise plan in light of outcomes.

ASSESS

1. Draw on info from above, views of child/parent, external services, additional assessments. Assess against SEN criteria

DO

3. Implement plan. Class teacher remains responsible for working with child on daily basis and assessing impact of the plan

PLAN

2. Teacher, SENCo, parent, child agree interventions and support/expected outcomes. Record on Pupil Passport. Inform staff
