

Dear Parents,

What a busy few weeks we've had! Term 6 is always a lively time in school, and we're enjoying every moment. We're really looking forward to seeing as many of you as possible at our **Sports Day on Friday, 4<sup>th</sup> July** - it promises to be a fun and exciting event for everyone.

It was lovely to see some familiar faces at **Collett Park on Saturday**—thank you to those who came along!

As we head into what's expected to be a hot week, we'd like to remind all parents to **apply sun cream to your child before school each morning**, and ensure they bring a **sun hat and a water bottle** to help them stay cool and hydrated throughout the day.

Thank you for your continued support.

## Collett Park Day

Thank you so much to everyone who came along and supported us at Collett Park on Saturday! We had an amazing day connecting with our wonderful local community, and it was truly heartwarming to see so much support from our school parents.

A special thank you to **Wessex Learning Trust** for their fantastic help in creating such an impressive display for the schools — it really made the day extra special.

We're so grateful to be part of such a supportive and vibrant community!

## Cake Sale

We are excited to announce that we will be holding a Cake Sale on Wednesday 18th June, afterschool. We would be very grateful for any cakes, biscuits, or sweet treat donations - homemade or shop-bought - which can be dropped off at the school office on the morning of the sale. Please remember to clearly label any items and avoid cakes containing nuts. All proceeds will go towards purchasing resources for the school, so every slice counts. Thank you for your continued support.

## EELS in the Classroom

Sunflowers class has had the wonderful opportunity to take part in *The Sheepy Fish Project*, an inspiring educational programme delivered by the **Bristol Avon Rivers Trust** and fully funded by the **Environment Agency**.

This exciting project introduced the children to the incredible life cycle of the *European eel* through a series of engaging, hands-on activities. From learning about the mysterious migration of these fascinating creatures to exploring their importance in our local river ecosystems, the pupils were immersed in a truly unique experience.

The project culminated in a magical moment — the release of young eels into a local river, allowing the children to witness conservation in action and send the eels off on the next stage of their epic journey. It was a memorable and meaningful experience that brought learning to life!

## Croscombe Community Orchard

Year 6 children are leading a project to prepare a notice board for the Croscombe Community Orchard. Today they gathered the information needed from the committee and made a proposal to meet the project brief! Next week, they will be working with other children across the school to include their contributions too!

## Message from School Office

Do not forget our school has an official Facebook and Instagram page! This provides another great way to stay up to date with the latest school news, events, and updates.

To keep in touch and see what's happening, simply follow us on both Facebook and/or Instagram. We encourage you to like, share, and spread the word by sharing our posts on your own social media pages and groups.

Your support helps us to reach even more families and keep our community engaged!
